## School Board to Ask WPA For Aid to Hi School Plan

Supt. Keim, Teasdale to Assist Architects in Presentation of Project; Trustees Hear Lobby Complaint

Albany's Board of Education was still composed of four members following a special session held Tuesday evening at which a motion was given final approval to go forward with plans and preliminary action for a fifth and final unit of Albany High School.

According to the petition for a grant to be presented to the WPA headquarters in San Francisco for aid to the project, \$67,500 of a proposed \$150,000 necessary to complete the building, will be asked of the government.

Meantime, plans for a bond election to raise \$82,500 from the school district were being discussed this week, with all action predicated on an answer to be received from the WPA authorities. The request for funds must be on file prior to October 1.

Assisting Architects Dragon and Schmidt in presenting the plan before the WPA will be Superintendent of Schools Allen Keim and Board member Walter Teasdale.

While plans went forward for the new unit to the High School, the Albany School Board still remained at the same status as last Thursday when Dr. Jack L. Stein resigned as Board President. Stein's action, tabled by the Board, had not been acted on this week, according to reports yesterday. It was expected that a new member would be appointed to complete the five necessary for the Board.

Demanding to know "why Miss Martha Stein, secretary to Principal Charles A. Moore, was asked to resign her position?" Mrs. Kaethe Zahn, Santa Fe Avenue, appeared Tuesday night before the School Board, declaring that she "represented a large group of Albany residents who are sick and tired of having Albany made the laughing stock of the entire East Bay by the School Board."

Stating that she would force members to resign, Mrs. Zahn said, "we do not want any politics on the School Board and if you cannot be peaceful and work without trouble among yourself, you should be forced to resign."

On several occasions, Mrs. Zahn directly addressed Board members asking "Why did you fire Miss Stein?" adding that from all reports given her, Miss Stein's work over a period of four years had been entirely satisfactory.

Closing her address to the Board, Mrs. Zahn urged Director L. F. Williams to remain on the Board, indicating that he has "the interest of the people of Albany at heart."

## Contractor Takes Zoning Case Into Superior Court

City Growth Cited by Mayor In Anniversary Statement

Thirty years ago today, the City of Albany, by a referendum of some 200 voters, became incorporated from the grants and holdings of one Don Peralta, a Spanish land-grantee who settled on the coast over 200 years ago.

Since that time, the site of our city has changed from one owner to another until about 35 years ago when it was subdivided and streets laid out, pavements put down and civic improvements begun. I do not think the early settlers realized what a wonderful geographic location or possibility lay before the City of Albany.

Today, we have a modern city of some 4000 homes and a population of more than 16,000 people.

To the early settlers we give credit for the founding of our city of which we can all feel justly proud, and congratulate them. To some who have passed beyond, we do dedicate this day to their memory.

The 18 years I have been a resident of our city have been the happiest days of my life and I have never lived in a community of bitter neighbors and warmer friends than I have experienced in Albany. I am sure the vast majority of people will agree on this subject.

In passing our 30th anniversary let us not look back on the trial and tribulation of those past years of building in our city, but forward toward the bright outlook ahead of us and let us all strive for a bigger and better Albany which is within the making. We can try to lighten the burden of our neighbors if adversity should overtake them, strive for democracy so that we may eliminate all isms except Americanism.

Wishing our city and all of you many prosperous years with an abundance of health and happiness.

*O. B. Jenner*  
Mayor, City of Albany

## Mandate for Action Filed By McGregor

Ask Permit or Cause of Revocation; City to File

Filing a petition for an alternative writ of mandate in the Alameda County Superior Court, Charles M. MacGregor, Albany building contractor brought Albany's "Chicken House" case toward final settlement yesterday.

According to the writ filed by MacGregor through his attorney Carlton Rank, action is sought either to cancel revocation of the recent permit declared void by the City Council, or show cause why the revocation should not be set aside. The order is designated as returnable October 6.

Order was signed by Judge Warren V. Tryon of Del Norte County, temporarily assigned to the Alameda County Superior Court.

The case was sent toward the court at last Monday night's meeting of the City Council when City Attorney Joseph Y. Young was given power by the Council to ask for declaratory relief from the Superior Court by an opinion and interpretation of Albany's zoning law regulating the construction of a building for C. A. Valterza at 957 San Pablo Avenue.

During the discussion, Rank, representing MacGregor, announced that it is his "client's" intention to complete the building, and that if the Council doesn't rule on the matter, that a writ of mandate will be filed in the Superior Court so that construction might be resumed. This process, Rank stated, would bring the issue to a point where a certificate of occupancy might be ruled on by the Council or the Park Planning and Zoning Commission.

In a statement to the Times late last night, City Attorney Young indicated that the City would file a cross complaint for declaratory relief as was originally intended, and in general go ahead with their plans to relieve the situation "to the best interests of the City and for all parties concerned."

"This dangerous act would abolish the time-tested principle which requires the vote of two-thirds of the people to approve public borrowing."

Opening Sunday is "Josette," a gay and romantic story of old New Orleans starring Don Ameche, Simone Simon and Robert Young. Accompanying program features the "Dead End" Kids in "Crime School." Sunday night is also Derby Race night.

Tuesday, "Beloved Brat" with Bonita Granville and Dolores Costello.

Wednesday, "The Rat" with Anton Wallbrook and Ruth Chatterton. Wednesday night will feature Harlow Hot Ovenware for the ladies.

Warden Lewis E. Lawes' notorious drama of life behind prison walls, "Over the Wall," will open Thursday in the Albany Theatre and continue through Friday. Young—and thrilling adventure and golden song in the mystic South Sea Islands; romance and danger ride the salty trade winds while the silver throated boy you love sings again, Bobby Breen in "Hawaii Calls," with Ned Sparks, Irvin S. Cobb and Raymond Paige and his orchestra. Truly some show!

On Saturdays Wild Bill Hickok is still an important part of the program, and tomorrow he will appear in his latest thrilling episode, "Prowling Wolves," which will be included in both the matinee and evening performances. And Sunday night another big Ten-O-Win with a juicy jack-pot is scheduled to hog the program.

## Grace Lutheran To Show Picture

Monday evening, September 26, at 8:00 o'clock, a sound motion picture entitled "The Call of the Cross," will be shown in the Parish Hall of Grace Lutheran Church, Santa Fe Avenue at Ward.

The picture tells the story of the emigration of over 600 Germans from Saxony, Germany, one hundred years ago.

From this group finally grew one of the major Lutheran church bodies in the world, the so-called Evangelical Lutheran Synod of Missouri, of which the local church is a member. The picture will also present kaleidoscopic scenes of the bounteous blessings which God has showered upon the pioneering work of these religious pilgrim fathers.

The public is cordially invited to see this picture. There will be no admission charge. A free-will offering will be received to defray expenses.

## Mrs. Sturgis to Address C. E. Club

Mrs. Eugene Sturgis will be guest speaker at the regular meeting of the Women's Auxiliary of Northbrae Community Church Tuesday afternoon.

Subject of Mrs. Sturgis' talk will be a review of the novel, "Three Daughters." Also contributing to the program will be Edwin Quinnell, who will present several vocal selections.

Circle B of the church will serve luncheon to members at 2:30, while Mrs. Holt Feale will preside at the business meeting.

## Report Bass Run On at Grimshaw's

Reports here this week from Grimshaw's fishing resort indicated that bass are running heavily in that area of the Bay. The report was substantiated by catches of several 16-pound bass or over taken from the waters at that point.

For fishermen en route to the resort, instructions are to turn left at the bridge immediately past San Pablo, and proceed for approximately one mile to the dairy; turn right to the property just ahead.

Better Light for Better Sight is now within easy reach of every home—thanks to the low electric rates in California—new low prices on light bulbs in Better Sight sizes—and the new Better Sight Lamps.

Now good light can help every family avoid the dangers indicated in these figures: One child in five in public schools, 40 college students in a hundred, and half the people over 35 have defective vision—much of it due to poor light.

Now every child may have sight-saving lighting for reading and study so that young eyes may develop normally. Now every grown-up may have the right kind and the right amount of lighting to reduce eye-strain and make seeing easier.

New Certified Better Sight Lamps make it possible to have scientifically correct lighting for every seeing purpose. Every child should have a Certified table lamp, which gives a wide spread of smooth, glareless lighting to save eye strain and help young eyes see easily.

This need not be expensive, for Better Sight Lamps are offered in many different models, at prices to fit every pocketbook. Begin to Light Condition your home with Better Sight Lamps. You'll add beauty and charm, and take a long step toward conserving eyesight.

Another development making it easy for every home to have Better Light for Better Sight, is the new Light Meter, which measures light as readily as a thermometer measures heat. Why not have the lighting tested in your home? It is a free service—there is no obligation.
